

Wingrove Primary School

What we are covering this term:

English: we will be reading the Magician's Nephew by C.S. Lewis.

We will be writing a narrative based on the short film The Dream Giver, a balanced debate and a newspaper article.

We will be learning how to create suspense and how to use figurative language effectively.

Maths: area, fractions, decimals, multiplication and division.

We will continue to learn all times table facts.

Creative Curriculum

Science - solids, liquids and gases, sound.

Geography - how human activity can impact the weather, climate zones and biomes.

Please read regularly with your child at home. Frequent and enjoyable sessions with you, where you check your child understands the events in the story, will make a significant difference to their long term development.

Our question this term is:
Can one person change the world?

We will be researching inspirational people who have inspired others and changed our world. We will be looking at many different people, including scientists, women, men and young people.

Homework

Frequent reading for pleasure and understanding is an essential homework and has long-term benefits such as expanding vocabulary, enhancing comprehension, developing imagination and thus improving ideas for writing in school.

Please check seesaw each weekend to find all the homework. Spellings are uploaded to seesaw each Friday for a test in school the following Friday.

Maths skills and times table knowledge should also be practised and consolidated using Mathematics and Times Tables Rockstars. The children's passwords from previous years should still work. If you require another copy of these passwords, please ask the teacher.

The children also have log in details for Purple Mash, where they can practise English, Maths, Science and Computing.
