

Online Safety for Parents

Following our very popular session in November, we have arranged another date:

Tuesday 14th February at 1.20pm

This session is delivered by our experienced partners from Gem Education, who come with vast experience in delivering online safety sessions.

- Raising awareness of online risks under 4 main themes: Commerce, Content, Conduct and Contact
- Examples include: websites, social networking, mobile phones, gaming, cyberbullying
- Parental controls
- Further advice
- How to report concerns

This session will last approximately one hour
