Working together

We really want **you** to contribute in the assessment of your child. We are using Tapestry now and everyone can have access to see what their child has been doing. We welcome you to have a look and add your own pictures and comments to show us things your child has been doing at home.

Please come and see us if you are having any issues accessing your account.

If your child is really interested in a particular topic please let us know so we can plan activities that are based around the interests of the child. By working together we can give your child a much better start to their school life.
