Dear Parents and Carers,

After being approached by a small number of parents, I feel we need to investigate the interest in paid after-school provision for children in early years and key stage one.

Obviously, we would need to have enough children in the sessions to pay for the overtime hours of the two support team members as well as providing all the children with drink and range of snacks, along with the purchase of specific resources as an initial set up cost.

The idea would be to run the sessions in The Community Room, which can comfortably accommodate a maximum ten to twelve children in each session. Each session would be between £5 and £6, but this will be decided after conducting further research into other after school providers' charges in the region.

If you would be interested in this type of provision, can you complete the slip below and return to school before Wednesday 3rd April when I will then conduct a feasibility study with an aim to trial it during this academic year.

Thank you for your time with this.

Mrs. J. Mullarkey
