

What we are covering this term:

Literacy: Traditional tales; non-chronological reports; play scripts; recounts; modern fiction; and books from our Literary Heritage

Maths: Place value; addition; subtraction; multiplication; and division methods

Science: Life Cycles; materials and their properties

Creative Curriculum: Our foundation subjects will be interwoven into our topic question:
'Does adversity always make us stronger?'

Our class novel this Autumn is:
'Wonder'
by R. J Palacio

Resources needed from home:

Please read regularly with your child at home! Frequent and enjoyable sessions with you, where you check your child understands the events in the story, will make a significant difference to their long-term development.

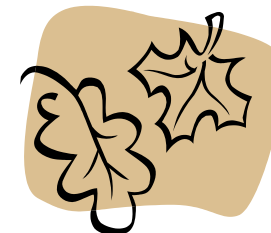

If you have any questions or concerns, please make an appointment at the office.

Thank you for your continued support.

Homework

Frequent reading for pleasure and understanding is an essential homework and has long-term benefits such as expanded vocabulary, enhanced comprehension, developing imagination and thus improving ideas for writing in school.

Homework is project-based and will be linked to our creative curriculum questions. It may require children to research a topic and then present their findings. Children are encouraged to take pride in the presentation of their homework. It should be well-presented. Children usually have 3-4 weeks to complete project tasks.

Maths homework may be computer-based using Mathletics. The children's passwords from previous years should still work. If you require a Mathletics password update, please ask.

In addition, we also expect the children to practise spellings and multiplication tables at home, on a regular basis.

If your child is a free reader here are some suggested authors:

Michael Morpurgo, Clive King, Elizabeth Laird, Beverly Naidoo, Anne Fine, Malorie Blackman, Phillip Pullman.
