Don't let your child miss out on their education

We understand you may have to take your child out of school for emergency dental, medical or ophthalmic appointments.

Please make routine appointments after 3.15pm. Sometimes you have to wait a while for an appointment, so please plan ahead and make appointments in school holidays, and book in plenty of time before hand.

Remember that you can also ask to speak to the school nurse or go to your local chemist and speak to your pharmacist to see if they can help.
